TUITION POLICY:

All tuition must be kept current and must be paid prior to your child's attendance. Tuition is due on Monday of each week as the Centre is completely dependent upon the tuition payments for its operation. A \$25 late fee will be added to your account if payment is not received by the end of Tuesday, and an additional \$5 each day after. If payment is not made by the end of the week, arrangements must be made before your child may return to the Center. Late tuition may result in your child's suspension from the program. Returned checks will be charged an additional fee of \$30. If a child withdraws from the program for any reason a written notice of two weeks must be given. The student will be charged for the remainder of the two weeks. If a child withdraws from the year round program, they will be charged for the remaining weeks in the program.

REFUND POLICY:

Registration fees, tuition fees, and supplies fees will not be refunded. All tuitions are based upon the total yearly cost of the program. The person signing a student out must sign legibly and note the time on the sign out log. Parents/guardians must wait at the sign out desk for the child and directly supervise their exit from the facility. Every effort will be made by the staff to make the pick-up process timely. During the 2009 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes provide parents with information detailing the causes, symptoms, and transmission of the influenza virus (the flu) every year during August and September.

My signature below verifies receipt of the brochure on *Influenza Virus, The Flu, A Guide to Parents*:

Name: _____
 Child's Name: _____
 Date Received: _____

Please complete and return this portion of the brochure to your child care provider, in order for them to maintain it in their records.

What should I do if my child gets sick?

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

CALL OR TAKE YOUR CHILD TO A DOCTOR RIGHT AWAY IF YOUR CHILD:

- Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast
- Has skin that looks blue
- Is not drinking enough
- Seems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- Has other conditions (like heart or lung disease, diabetes) that get worse

How can I protect my child from the flu?

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine yourself.

What can I do to prevent the spread of germs?

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions. To prevent the spread of germs:

- Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.
- Limit contact with people who show signs of illness.
- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

When should my child stay home from child care?

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group setting until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.

For additional helpful information about the dangers of the flu and how to protect your child, visit: <http://www.cdc.gov/flu/> or <http://www.immunizeflorida.org/>

Parent's Role

A parent's role in quality child care is vital:

- ☐ Inquire about the qualifications and experience of child care staff, as well as staff turnover.
- ☐ Know the facility's policies and procedures.
- ☐ Communicate directly with caregivers.
- ☐ Visit and observe the facility.
- ☐ Participate in special activities, meetings, and conferences.
- ☐ Talk to your child about their daily experiences in child care.
- ☐ Arrange alternate care for their child when they are sick.
- ☐ Familiarize yourself with the child care standards used to license the child care facility.

Rilya Wilson Act

Pursuant to s. 39.604, Florida Statutes, a child from birth to the age of school entry, who is under court-ordered protective supervision or in out-of-home care and is enrolled in an early education or child care program must attend the program 5 days a week unless the court grants an exemption. A child enrolled in an early education or child care program who meets the requirements of this act may not be withdrawn from the program without prior written approval of the Department or community-based care lead agency. If a child covered by this act is absent, the program shall report any unexcused absence or seven excused absences to the Department or the community-based care lead agency by the end of the business day following the unexcused absence or seventh consecutive excused absence.

Educational stability and transition are key components of this act to minimize disruptions, secure attachments and maintain stable relationships with supportive caregivers of children from birth to school age. Successful partnerships are imperative to ensure that these attachments are not disrupted due to placement in out-of-home care or subsequent changes in out-of-home placement. A child must be allowed to remain in the child care or early education setting that he/she attended before entry into out-of-home care, unless the program is not in the best interest of the child. If a child from birth to school-age leaves a child care or early education program, a transition plan needs to be developed that involves cooperation and sharing of information among all persons involved, respects the child's developmental stage and associated psychological needs, and allows for a gradual transition from one setting to another.

This law provides priority for child care services for specified children who are at risk of abuse, neglect, or abandonment. *These children are also known as Protective Services children.*

Rilya Wilson Act Requirements:

- ✓ Protective services children **MUST** be enrolled to participate 5 days per week.
- ✓ Protective services children **MAY NOT** be withdrawn without prior written approval from the Department of Children and Families (DCF) or Community Based Care (CBC).
- ✓ If a Protective Services child has 7 consecutive excused or any unexcused absence, the child care provider **MUST** notify the appropriate community based care staff.
- ✓ The Department and child care providers **MUST** follow local protocols set up by the CBC to ensure continuity.
- ✓ If it is not in the best interest of the child to remain at the child care or early education program, the caregiver **MUST** work with the Case Manager, Guardian Ad Litem, child care and educational staff, and educational surrogate, if one has been appointed, to determine the best setting for the child.
